

In the time it takes you to read this pamphlet,
another unborn baby will have died.
You can help put an end to the tragedy of abortion.

Support the organization that supports life –
join Right to Life Australia today.

Since its inception 1973, Right to Life Australia (RTLTA) has been a primary force for grass-roots pro-life awareness and action around the nation. Its members work to establish a life-affirming culture by organizing legislative efforts, encouraging pro-life candidates, educating the wider community on life issues and funding Pregnancy Counselling Australia. It is a not-for-profit organization that believes all human life should be safe-guarded by law and public policy at every stage of biological development.

RTLTA seeks to:

Protect and promote the dignity of human life from fertilization to natural death.
Promote effective pro-life legislation.
Operate and fund Pregnancy Help Centres.

Donations to RTLTA support efforts to change laws and influence government, support educational programmes and services, and assist pregnant women in need.

All members of RTLTA are entitled to use of the RTLTA resource libraries plus samples of flyers and brochures. Our newsletter keeps RTLTA members informed about legislation, new developments, activities and opportunities to volunteer.

RTLTA is a member-based organization funded by contributions from individuals, businesses and community groups.

RTLTA pursues its goals of protecting human life through education, legislation, and political action.
